Orders U-Boats To Spare Passenger Ships

REINFORCEMENTS FACE AMERICANS

GERMANY DRAWS HEAVILY ON OTHER PARTS OF
WESTERN FRONT TO STOP YANKEE
ADVANCE

ALLIED PROGRESS IN BELGIUM IS UNCHECKED; ALLIES NEAR GHENT

Audenarde Is Surrounded and Its Fall Is Momentarily
Expected—French Gain Bridgeheads on Lys Canal
and River at Nevel and Grommene

Washington, Oct. 21.—Germany is drawing heavily upon other parts of the western front for reinforcements to check the Americans north of Verdun. General Pershing's communique for Sunday says during the heavy fighting of the past week a constantly increasing number of German divisions have been brought up and are bitterly contesting every foot of ground. The communique follows:

"Headquarters American Expeditionary Forces, Oct. 20.—West of the Meuse our troops have continued their pressure on the enemy. East of Bantheville in the course of local fighting in the Bois des Bappes they captured over 100 prisoners. On the entire front north of Verdun, there has been heavy artillery and machine-gun fire. Severe counter-attacks have been thrown back with heavy losses to the enemy.

"During the heavy fighting of the past week, north of Verdun, we have drawn from other parts of the western front a constantly increasing number of German divisions which are bitterly contesting every foot against our strong attacks in order to secure the retreat of the German army, the position of which has been compromised by the attacks from the south and west."

FRENCH SEVEN MILES FROM GHENT

London, Oct. 21.—The French troops on the allied center in Belgium have gained a bridge-head across the Lys canal at Nevel, seven miles west of Ghent.

The French also have gained a bridge-head over the Lys river at Grammene. The Germans are attempting to hold a line from Eede to the river Lys at Petegem, north of Grammene.

BRITISH ADVANCE ON SCHELDT

British Headquarters in Belgium, Oct. 21.—(Reuters)—In the region, east of Courtrai, the Second British army today was advancing on a line of 3-1-2 miles along the Scheldt river. They had gained this line by a great bound forward Sunday.

During the battle which resulted in this gain more than 700 prisoners were captured and heavy casualties were inflicted on the enemy.

ALLIES SURROUND CITY

Paris, Oct. 21.—(1 p. m.)—Allied troops have crossed the Scheldt river at several points in the region of Audenarde, 15 miles southwest of Ghent.

Audenarde has been encircled and its fall is expected momentarily. German resistance is reported to be weakening on this sector of the front.

PUSH FORWARD ON BELGIAN FRONT

(Compiled from A.P. Dispatches.)
In spite of the efforts of the Germans to check the advance of the allies in Belgium, the British, French and Belgians continue their march from Tournai to the Dutch frontier. Official reports show that they have reached points within ten miles of Ghent.

The Belgians are along the Deynze-Hedoo canal, which runs northward from the Lys river to Zebrugge and have taken a number of important points near that waterway. Further south the French have crossed the Lys and have established bridgeheads at various points.

Along the Lys the British second army has moved swiftly toward the Scheldt river and is at Pecqu on the west bank of the river.

In this sector of the battle line, the allies are moving toward the southeast and it seems they will be able to reach Ghent with their main forces in a very short time. The Germans have been unable to interfere with the progress of the armies commanded by King Albert.

British and American troops are fighting their way ahead along a ten-mile front east of Le Chateau. During the past days they have advanced a mile on this line and appear to have reached a point from which they seriously threaten the railroad running through Avesnes and Berlamont. This road is the principal avenue of communication between the German armies north and south of the wedge being driven into their lines by the allies. If it is cut or if it is taken under artillery fire the enemy will be seriously embarrassed in keeping the two wings of his army in touch with each other.

The bad weather that has prevailed in France during the past few days has not checked the advance of the French along the Oise and Serre rivers, where successes are reported. On the southern side of the Lys salient the French have cut a deep notch into the German line by reaching the heights to the west of Grandpu.

Through the Champagne sector there has been no change in the line but

HUN PRISONERS KNOW THAT UNCONDITIONAL SURRENDER IS ONLY THING THAT WILL SAVE THE KAISER AND HIS GANG

German prisoners taken by Americans in St. Mihiel salient. The Huns in the above American official photo, a mere handful of the 15,000 taken by the American troops in wiping out the St. Mihiel salient, can testify that unconditional surrender is the only thing that will save Germany. These Huns are still alive simply because they yelled "kammerad" when the Americans were set to make them "good" Germans. They are being marched back to a prison pen.

TWO NEWARK MEN KILLED; BOILER OF ENGINE BLOWS UP

Engineer Henry Hall and Fireman Harry Darshan Both Lose Lives

ENGINE IS DEMOLISHED BY TERRIFIC EXPLOSION

Bodies of Dead Trainmen Brought to Newark for Funerals

As the result of an engine on the Ohio division of the Baltimore and Ohio railroad blowing up at the crossing of the Norfolk and Western railroad, four miles east of Columbus, Sunday afternoon at 2:30 o'clock, two Newark men, Engineer Henry A. Hall of Curtis avenue and Fireman Harry E. Darshan of Bolen avenue, lost their lives, both probably being instantly killed.

The train with Engineer Hall at the throttle left the stock yards at Cincinnati Sunday morning about 7 o'clock and was proceeding to this city. The engine was drawing ten cars of freight and another engine was pushing the load from the rear. As the engine started to cross the N. and W. tracks the explosion occurred.

The tender and the engine is said to have been thrown about 700 feet for a half a block. The brass number plate on the front of the engine was hurled a distance of three squares. The train at the time is said to have been traveling at the rate of between 25 and 40 miles an hour.

When the first engine stopped because of the explosion the one at the rear pushed the cars between them into a heap. The cars were loaded with wheat, baled cotton, scrap iron, broom corn and general merchandise, and all were wrecked and the contents scattered about the track. After working crews from this city and Columbus had partially cleared up the debris, Engineer Hall's body was found under the car of wheat. His death must have been instantaneous.

Fireman Darshan's body was hurled (Continued on Page 4, Col. 3)

500 FIREMEN VOTE TO GO ON STRIKE

(Associated Press Telegram)
Cleveland, Oct. 21.—Unless Mayor Davis agrees to submit the dispute of the city firemen to the National War Labor Board, or issues a proclamation setting the Chamber of Commerce for foot to the eight-hour law, five hundred firemen will quit work at noon, according to President Urbanowicz of the firemen's union.

The firemen voted almost unanimously yesterday rejecting the compromise proposed Saturday by directors of the Chamber of Commerce for settling their demands for an eight-hour work day and payment of back salary from November 10, 1917.

American Protective League members are ready to carry out orders to operate the fire stations for the protection of plants making war munitions in case the firemen quit.

YANKEE BOMBING SQUADRON BRINGS DOWN 17 GERMAN MACHINES; U. S. MACHINES SAFE

(Associated Press Telegram)
With the American Army, Northwest of Verdun, Sunday, Oct. 20.—In the all-American bombing expedition behind the German lines, Friday, American pursuit airplanes brought down 17 German machines. Most of the victories have been confirmed officially. Not one American machine was lost, making the day stand out in the history of the American aviation.

During the expedition the American machines met and vanquished several enemy formations of 35 and 40 airplanes each. Among the Americans who brought down German machines Friday, are the following:

Lieutenant Albert Weatherhead, Cleveland, O.; Lieutenant Wier Cook, Muncie, Ind.; Lieutenant Dickinson Estee, Philadelphia, and Lieutenant Charles Dolive, Chicago—one each.

Lieutenant Wright and Lieutenant Harding downed another enemy machine between them, while Captain Charles Biddle, Andalusia, Pa.; Lieutenant William A. Stoval, Stoval, Miss., and Lieutenant Walter Evers, Columbus, O., brought down another.

On the opening day of the Meuse-Argonne offensive, American aviators brought down 19 German machines, but 16 American airplanes were either lost or damaged. On Friday only one American machine was forced to land. That was the one piloted by Lieutenant McDermott, and he landed near Briellies. His machine was brought in Saturday by infantrymen.

NO FIGURES ON COUNTY QUOTA

Chairman Metz Announces That Both City and County Have Exceeded Quotas

Chairman Walter C. Metz of the Licking County Liberty Loan committee announced today that Licking county had gone over the top in raising its quota of \$1,300,000, but was not prepared to furnish figures at this time as all of the township chairmen had not completed their work here and the figures for county work and were of great assistance in helping to sell township quotas in a number of instances.

Granville reported the sale of \$140,000 worth of bonds, the quota being \$92,000 overselling by nearly \$50,000.

SIX BILLION GOAL IS EXCEEDED IN 4TH LOAN

(Associated Press Telegram)
Washington, Oct. 21.—Estimates and figures showing the success of the fourth Liberty Loan today indicated that the government had reached the six billion goal in the fourth loan.

All orders for coupon bonds are being filled immediately and plenty of registered bonds will be ready as fast as requisitions for them, accompanied by the necessary information concerning the individual owners, reach the treasury.

Thirteen hundred clerks were at work today examining, counting and shipping bonds as fast as they came from the bureau of engraving and printing. They were received in huge bundles, loosely wrapped and sealed and went out to Federal Reserve banks in much the same form.

NINE DEATHS OF FLU OVER SUNDAY

Men too Ill to Work Must Slay Off the Streets Says Health Officer.

"Men who are too ill to work, at the shops, factories and places doing government work, are too sick to be around the streets of the city and the congregating around the corners must be stopped," said Health Officer Dr. W. H. Knauss today in his daily statement.

Dr. Knauss stated that a federal officer from Cincinnati had visited the city and issued the above ultimatum to the health department. Dr. Knauss continued that it was a patriotic duty if ill to remain at home so the disease would not be transmitted and it was a still further duty to return to work as soon as possible and not to loaf about the city.

Last week new cases of the epidemic of influenza developed at the rate of about 200 a day. Saturday was a high water mark for the disease but Sunday report showed a falling off. However the physicians of the city are again urged as to the necessity of filing their reports as Dr. Knauss has been instructed to report the number of new cases and deaths each night to Washington.

People who must go shopping are asked to take no friends with them and to leave children and members of the family at home. Only by the most stringent regulations will the disease be stamped out. Over Saturday and Sunday nine deaths of the disease were reported in the city and another man died at Camp Sherman. Eugene Connors of Severn avenue.

The deaths in the city were: Anna Smith, 46 of 72 Bowers avenue, influenza and pneumonia; Charles Emerson Speaks aged one year of 65 Fleck avenue; Dalcorn Moore, 28 of influenza at the Newark Sanitarium; Burnett Daugherty, 2, of influenza in Jones street; Mrs. Marietta Cochran, East Main street of double pneumonia; Mrs. Peter Gannon, of pneumonia in Montu street; Mrs. George W. Hall, 23, double pneumonia, in 35 Matholin street; Mrs. Julia Toth, 55, double pneumonia and influenza, Washington street; Mrs. James E. Gault, influenza, Black Hand.

People are again asked to observe the simple rules set forth by the health department.

BERLIN'S REPLY ASKS JUST PEACE

HOPES U. S. WILL APPROVE OF NO DEMAND AGAINST HONOR OF GERMAN PEOPLE, WIRELESS VERSION SAYS

DENIES SUBS DESTROYED LIFE BOATS; ASKS NEUTRAL COMMISSION

Washington Gets Reply by Wireless But Refuses to Comment on Matter Until Official Text is Received Through Swiss Legation

Washington, Oct. 21.—A wireless version of the German reply to President Wilson reached the state department today. There will be no official comment until the official text is received.

The note as received by wireless will not be made public here, nor will officials discuss London dispatches describing its contents.

London, Oct. 21.—The German reply to President Wilson's note, the text of which was received here today by wireless, says Germany hopes the United States will approve of no demand which would be irreconcilable with the honor of the German people and with the opening of the way to a peace of justice.

Germany protests against the reference of President Wilson to illegal and inhumane acts. Denial is made that the German navy purposely destroyed lifeboats with passengers. The German government proposed that the facts be cleared up by neutral commissions.

Germany has dispatched orders to submarine commanders precluding the torpedoing of passenger ships.

The German government suggests to President Wilson that an opportunity be brought about for fixing the details of the evacuation of occupied territories.

No further German government will be able to take or hold office unless it possesses the confidence of a majority of the reichestag, the note announces.

Announcement is made of a fundamental change in the German constitution providing for representation of the people in the elections concerning peace and war, and it is said the present government has been formed in complete accordance therewith.

Germany claims the sanction of international law for carrying out destruction of property during retreats and says her troops are under strict instructions to spare private property and care for the population to the best of their ability. Where transgressions occur, the note says, the guilty are being punished.

Germany has agreed that conditions of an armistice should be left to the military advisers and that the actual standard of power on both sides in the field should form the basis for arrangements.

The text of the German note, as received by wireless, is as follows:

"In accepting the proposal for an evacuation of occupied territories the German government has started from the assumption that the procedure of this evacuation and of the conditions of an armistice should be left to the judgment of the military advisers and not to the arbitrary power of both sides in the field has to form the basis for arrangements safeguarding and guaranteeing this standard.

"The German government suggests to the President that an opportunity should be brought about for fixing the details of the evacuation of the United States will approve of no demand which would be irreconcilable with the honor of the German people and with opening a way to a peace of justice.

"The German government protests against the reproach of illegal and inhumane acts made against the German land and sea forces and thereby against the German people. For the covering of a retreat destructions will always be necessary and they are carried out insofar as is permitted by international law. The German troops are under strict instructions to spare private property and to exercise care for the population to the best of their ability. Where transgressions occur in spite of these instructions the guilty are being punished.

The German government further denies that the German navy in sink ships has ever purposely destroyed lifeboats with their passengers. The German government proposes with regard to all those charges that the facts be cleared by neutral commissions.

"In order to avoid anything that might hamper the work of peace, the German government has issued orders to be dispatched to all submarine commanders, precluding the torpedoing of passenger ships without, however, for technical reasons, being able to guarantee that these orders will reach every single submarine at sea before its return.

"As a fundamental condition for peace the president prescribes the destruction of every arbitrary power that can separately, secretly and of its own single choice disturb the peace of the world. To this the German government assents.

"Hitherto the representation of the people in the German empire has not been endowed with the influence on the formation of the government.

The constitution did not provide for a concurrence of representation of the people in decisions of peace and war. These conditions have just now undergone a fundamental change. A new government has been formed in complete accordance with the wishes (principles) of the representation of the people based on equal, universal, secret, direct franchise.

"The leaders of the great parties of the reichstag are members of this government. In the future no government

AMERICAN AVIATORS START NIGHT PATROLS

(Associated Press Telegram)
With the American Army Northwest of Verdun, Sunday, Oct. 20.—American aviators, by inaugurating night patrols along the Meuse, have attracted much attention among the airmen of other nations. Under the present plan the air forces are always subject to a call from the front, where observers and listeners report by wire when the motor of a German airplane is heard approaching the American lines. As soon as one of these reports is received the American searchlights begin sweeping the sky. The American night patrol arrives at the same time. In event the German machine is located by the ray of a searchlight the American machines attack until the enemy is downed or makes his escape.

When a searchlight picks up an American machine, a pre-arranged signal is given, eliminating the danger that the American might be shot down by his own men.

GENS. LIGGETT AND BULLARD PROMOTED

Washington, Oct. 21.—Major Generals Hunter Liggett and Robert L. Bullard were nominated by President Wilson today to be Lieutenant Generals.

SMITH ONE PER CENT LAW.

Friends of the Smith One Per Cent Law, which has saved tax payers hundreds of millions of dollars, view with alarm the trend of affairs which indicates an assault upon the law. In the opinion of experts who have analyzed the plank in the Republican platform for relief of cities, it is pronounced that by total emancipation of the tax payers' protective law. They even give further evidence that this plank is for the benefit of the tax spenders without consideration for the interests of the tax payers.

Added significance is given this view in the selection of Edward M. Fullerton as campaign manager for former Governor Willis. It is brought to mind that after Judson Harmon was elected governor, in the clean-up in the state of the old gang which profited personally on the interest of public funds, Edward M. Fullerton, then State Auditor, was the only remaining representative of the old Gilbert regime. Mr. Fullerton then with every power at his command resisted the passage of The Smith One Per Cent Law, and after it had been passed, turned over his entire office force inspectors to ward finding some means of circumventing the law.

One of his representatives, Edward M. Archer, now dead, found an exception in the case of the village of Leipsic, in which it was not possible to meet the needs under existing statute, and a contest case against the law was brought in the Supreme Court of Ohio. Before a decision could be rendered, the legislature hurriedly came into session and amended the Smith Law in a way to make it bullet proof. This defeated the onslaught of the old crowd under the leadership of Mr. Fullerton. Mr. Fullerton's interest at that time will not be denied by him. The Smith One Per Cent Law, given to the state under the administration of Judson Harmon, has stood in the way of extravagances since that time. An effort to repeal this law was defeated in the general assembly of 1917. This effort will be renewed in the next general assembly, and should there be change in the administrative conduct of the state, indications are that the influence will be cast in behalf of this amendment.

SUPPORTING THE PRESIDENT.

President Wilson has become the leader of all the allied nations. To no one else does the world listen with such respects. He is even cheered in Germany and Austria. He is recognized as a far sighted statesman of disinterested purposes and high ideals. He will come very near to settling the terms at the peace table.

We must fight for a decision, yet not for revenge. We want to get a settlement that will last, yet not one that will create permanent hatred and lead to other wars.

President Wilson is a safe man as leader at this time. He is thoroughly committed to push the war until the democratic nations are safe from the aggressions of the beastly Hun. But he would not go to the length of revenge that some would urge. When he sees that the real aims and ends of the war have been achieved, he will stop right there. We can safely leave to him and his advisers the decisions as to when that time has come. We can be sure that he will not sacrifice thousands of lives and billions of treasure, merely out of anger and desire for reprisal.

There being then this world wide confidence in Mr. Wilson, it is to be hoped that all his countrymen estimate him at his right value. Furthermore at the approaching Congressional elections, we must provide him with the congress that will most readily follow his leadership. The Republican candidates are seeking election on the ground that they will support the war better than a Democratic congress.

If Mr. Wilson wanted a Republican congress elected, we would listen to him. But he does not. He can work best with a congress of his own party, pledged to support him as leader. Therefore, why not give him the kind of congress that he feels would help him the most?

The Democratic candidate for congress in this district is William Ashbrook who has loyally supported the president and who stands squarely for a "win the war" policy. Mr. Ashbrook's experience in congressional affairs, the prompt and courteous attention he gives to all of the people of his district when he is in position to be of service to them and his fidelity to principle and to duty fit him for the position he now holds. A vote for Mr. Ashbrook on November 5th is a vote in support of President Wilson's prosecution of the war.

WATSON NOT COMING.

Senator "Jim" Watson is not coming to Ohio to help Mr. Willis, according to the latest reports from Willis' campaign headquarters. "Senator Jim" will be remembered as the man who as late as August 22, this year, declared "We have no right to say what becomes of Alsace-Lorraine, what becomes of the Balkan states" and "It is not our business to dictate what kind of a government Germany has."

The official reason given for the cancelling of Senator Watson's Ohio dates is the "flu" epidemic but those who are close to the Willis campaign management admit the committee is afraid to have Senator Watson come into the state while Mr. Willis is doing his best by silence to have Ohio voters forget his embargo and other similar speeches.

The children are supposed to welcome any calamity like the influenza which closes the schools, but with the apples all stolen and the back shed windows all broken, they are beginning to break into the school house.

The people who won't work with any energy because they get poor pay, are often the same ones who when their pay is advanced won't work because they have celebrated overmuch.

Some one asks what has become of all the people that used to get smashed up by skittish horses? Well, in these days of automobiles, a runaway horse does not go fast enough to suit them.

Able bodied men who stick to their non-essential jobs in these times would be more appropriate if they would rig up with petticoats and corsets and frilled waists.

AMERICANIZATION.

(Ohio State Journal.)
A big word is that which heads this paragraph, and it describes a big work which is being done under the auspices of the congress of national defense. So new is it that we hardly think the general public knows it is going on, but so important that we wonder how we have ever dared go on without it. Briefly, Americanization is the work of making

Americans out of immigrants. But the pamphlet which the department has issued expresses it better, by saying: "Americanization is the bringing together of the old and new America. It is the interpretation of America to the foreign-born and the interpretation of the foreign-born to America."
The latter clause is especially good; because, when we stop to think about it, we will all acknowledge that we haven't been to any particular pains to understand these eager workers for foreign lands. We haven't shown them any great sympathy, much less help in their sincere efforts to become Americans. No wonder that some of them have become discouraged and a little contemptuous. We have left the process of Americanization entirely to chance, contenting ourselves with frequent references to "the melting pot."

THE TRUTH IN GERMANY.

(Philadelphia Record.)
Germany's condition has been hopeless for many months, but every effort was made, and with considerable success, to prevent the people from realizing the truth, and not reacting to it. They went on with the war, confident for a while, and then hopeful, of the long-promised and long-deferred victory.
But even the chauvinistic newspapers are now admitting the truth with little or no attempt to soften it. Germany is beaten, and the German papers, even of the fire-eating variety, tell the German people the fact. A few weeks ago we quoted from a highly significant article in the Grosser Deutscher, one of the most active of the Pan-German organs. It was perfectly apparent, and must have been to its readers, that the paper knew Germany to be beaten and in a position where it must take peace on such terms as were offered. But it did not in express terms admit hopeless defeat.

Much has happened since that article was published, and the German press is getting franker. The Rhenish Westphalian Zeitung has shown clearly enough recently that it had no hope of saving anything from the German wreck. Still more outspoken is the Kreuz Zeitung, Pan-German and chauvinistic, which quite recently was publishing dreams of Germany's brilliant future in the Orient. Otto Hoessch writes in that paper:

Germany has lost the war. Our luck has turned. While the soil of the Fatherland hasn't been touched by the war, the German people have been turned against us. A reorganization of the Balkans must be made without us. Our influence hereafter will be lost in Turkey because of Austria's victorious campaign. This does not signify the end of Turkey, but it does signify the end of the German policy in Constantinople, and the end of the Berlin to Bagdad Railway, which was one of the pillars in Germany's world policy.

THE TRENCH SHOTGUN.

(New York Sun.)
The main untruth in the German protest against the use of the shotgun is the statement that "the use of such weapons is forbidden by The Hague convention as causing unnecessary suffering." The Hague convention forbids the use of weapons which cause unnecessary suffering, but this arm is not among them. The trench shotgun does not shoot the fine shot usually associated with fowling pieces. The shells are of the large round bullets of the largest buckshot size. The diameter is about that of a 32-caliber bullet. At 40 yards one of these pellets will go through a pine board two inches thick or a German skull of average thickness. The weapon is not a toy. It is intended to kill or to stop, but it is no more cruel than any other weapon of war. It is, in effect, a small machine gun that fires nine bullets at each explosion. These are so scattered that the range was very close, almost hand-to-hand, and no more than a bullet would reach the oncoming German.

Pointed Observations

Austria-Hungary is the tail of the dachhund. We are dealing with the head.—New York Herald.

Religious mania in various forms is reported to be taking possession of the people of Germany. Which, after all, is merely one effect of the last epidemic set by the Kaiser.—Oshkosh Northwestern.

The young lady across the way says women are taking men's places in all sorts of industries, and she should think they would be especially good as mine sweepers, being naturally neat.—St. Joseph News-Press.

It is stated that Secretary Baker visited a prison camp in France and spoke to the prisoners in German. General Pershing also speaks to the Germans, not in their own tongue, but all the same in a language they understand, and they obey his voice.—Richmond Times-Dispatch.

It's well worth \$10 a year to have a good occupation in the country like the United States.—Indianapolis News.

The man who can get out with a gun these days and return with a bag of game has talents that would be appreciated by all our boys now in the trenches.—Jonesville Gazette.

Kaiser Wilhelm's constant repetition of the adjective "grace" in connection with his military affairs may be taken as the world's faintest meaning when used as a noun is not distant from his thoughts.—Richmond Times-Dispatch.

On account of being sorry for what has happened to their good friends, the Turks, it's likely the Armenians will confine their prayers to the hope that it's worse than the newspaper reports would lead one to believe.—Mason Telegraph.

"We do not understand the 'strange'," complains the military critic of a German newspaper. And sometimes in our artless way, we wonder if the exasperated Marshall hasn't contrived his strategy precisely to produce that effect.—Milwaukee Sentinel.

The spectacle of the Kaiser fervently appealing to the German people to continue giving him the confidence and support is suggestive. Time was when the Kaiser simply commanded these things, and the German people humbly

THE NEWARK DAILY ADVOCATE

Little joys refresh us constantly, like housework, and never bring us down, and great ones, like success, briefly, and then bring it.—Richter.

No Fun to Ride in the Rain.
That Sunday's rain is lifted, boots But little, so it seems to me, As long as Gardfield's in cloaks With that sly rascal, Jupiter P.

Had It on Him.
Aunt Cathie says: "Last night I and Zeke was waitin' at Doc Carver's office for him to fix up some cough medicine, which Zeke says he can't nowhere sleep for me to coughin'." Maidsa Pye was in there, and she was about to go in to get some medicine, an' she had Doc about wore out 'a-listenin' to her complaints. Jest as she was about to go in, Gotta Kneek's husband, which he runs the drug store here, he says, "How is your cough?"

"Well, it ain't what you mite say no better," he says. An' Maidsa says, "Had ain't so well, neither," she says. "He's got a terrible cough two, so you ain't got nothing on him," she says. "Well, he's got a terrible cough two, so you ain't got nothing on him," she says. "Well, he's got a terrible cough two, so you ain't got nothing on him," she says. "Well, he's got a terrible cough two, so you ain't got nothing on him," she says.

If We Read the News Aloud.
It looks as though we might as well learn to pronounce the names of the rest of those towns between Cambridge and Berlin.

The Yankees Will Warm Them Up.
Berlin's clothing commissioner announced that satisfactory substitutes for clothing will be available this winter. What would seem to you to be a

obeyed without any thought of questioning the authority of the all-highest.—Oshkosh Northwestern.

A Kansas man in France attacked a party of six Huns, bayoneting one and bringing in the rest as prisoners. The Newton Kansas says the soldier to be a grocery clerk and was accustomed to doing such things at once.—Kansas City Times.

Spirit of the Press

Prosperity After the War.
Judge E. H. Gary, chairman of the United States Steel Corporation Board of Directors, has issued a statement predicting the maintenance of American prosperity after the war. Judge Gary admits that there will be some demoralization when conditions are radically changed. It would be folly not to consider the possibility of certain unemployment conditions, which may in so far as possible counteract them. When the millions of soldiers who have been fed, clothed, armed and supplied with the most expensive war equipment ever known in history return to the pursuits of peace, an almost world-wide reorganization of labor and industries will be necessary. It is that this change may be intelligently made and that our own interests may be guarded, that the United States has been insisting on systematic preparedness for after the war.—St. Louis Globe-Democrat.

The Belgian Drive.
After a sufficiently protracted rest to permit adequate reorganization the Belgian army of King Albert supported by both British and French detachments has seriously resumed the work of driving the Hun out of Western Belgium. The sentimental interest in this Belgian drive is large. Each square mile of Belgian territory recovered brings joy to every Allied nation. It is peculiarly pleasing that the leading cause of being stricken with influenza is being taken by the Belgians themselves. The word once given the Belgians have proved themselves as irresistible in attack as they were four years ago in defense. The Belgians are now against the full might of Germany's determination and thus saved France and civilization.—Cleveland Plain-Dealer.

FLU ATTACK COMES QUICKLY TO SOLDIER

Mr. and Mrs. W. O. Phillips of Springfield received the following letter from their son, Corporal Isaac N. Phillips, who is in camp at Fort Belvoir, in defense of being stricken with influenza. It was written September 22 and reads: "I was to leave on Monday, but Sunday I got sick and at supper time I started for the doctor, but it was my luck to fall down on the way and I didn't know anything for 36 hours. I guess you have read of the Spanish influenza grip down here. Well, that is what I had. I got out of the hospital Saturday the 21st and came back to the company. I was transferred to the hospital again, and we expect to go over any moment."

BARN IS DESTROYED NEAR ALEXANDRIA

(Special to The Advocate.)
Alexandria, Oct. 21.—The barn of L. J. Green was destroyed by fire at 4 o'clock this morning. The building was located three miles west of Alexandria, and the cause of the conflagration is not known.
In the building was a grain separator, corn husker, ensilage cutter and a seed separator. A large amount of wheat was also stored in the barn. None of the contents were lost. The loss is estimated at about \$100, partially covered by insurance.
"It's a good plan to take care of the pennies," said the man of affairs, "but it isn't always the case of humor that the dollar pointed the joke."

GOVERNORSHIP OF OHIO

Ex-Governor Harmon Gives His Reasons For Preferring Cox to Willis.

(Youngstown Vindicator.)

The unofficial voice most attended to in the state of Ohio is certainly that of ex-Governor Judson B. Harmon—and justly so.

Governor Harmon was elected chief executive when this state had for many years been under the control of one party, and, as is usual in such cases, offices had been multiplied, salaries had been unduly increased, and the taxing system had become oppressive and confused.

Harmon, great lawyer that he is, seized the reins of power with a firm grasp, reformed our tax laws, abolished useless offices and in general cleaned house so thoroughly that the people, without regard to party, united in re-electing him. He was the first Democratic governor given a second term since the Civil war.

It is well known that some of the amendments to our constitution adopted in 1912 and some of the laws passed to give them effect, did not command the approval of Governor Harmon and that he thought Governor Cox too much of a progressive during his first term.

All of this makes of highest importance to the people of the state Governor Harmon's speech at Greenville on Friday night in which he declared that between Cox and Willis "the choice is too clear for anybody to make a mistake whose heart and head work true."

Of Governor Cox he said this: "Governor Cox has made an excellent war governor. He has been diligent, resourceful and efficient in behalf of the thousands who represent Ohio under arms and also in behalf of the more numerous citizens who carry on the varied industries which enable us to feed, clothe and maintain our soldiers. By word, conduct and hearty support of the president he has put Ohio proudly and staunchly behind the government, from the first day of his term. If you want a war governor, there he is."

Of ex-Governor Willis he said this: "Mr. Willis was governor during 1915 and 1916. He was one of the few governors who appointed representatives to sail with the possibly sincere but certainly silly Ford peace expedition. He publicly declared, time and again, that the government ought to forbid our citizens to sell munitions to the warring countries. This alone, he claimed, would be strict neutrality. That is just what Bernstorff paid large amounts for to have preached and published by others. The governor of Ohio did it for nothing."

"Among other occasions, he repeated this in a speech in St. Louis, after the president had sent Bernstorff packing with his gang of spies and scoundrels, and this was certain. He then made a public declaration concerning the German murders on the high seas, beginning with the sinking of the Lusitania. I confess that if he had not himself furnished his speech to the press I would not believe he said what he did. I quote from the leading Republican paper in St. Louis:

"In defending American rights we must be sure that they are rights and not mere whims. Mere pleasure seekers have no business in the war zone. If they go there, let them go at their own peril. The United States must not be embroiled in war by harebrained searchers for thrills. Let such people stay at home and not imperil the nation's welfare by going where they have no right to go. Americans are willing to fight for a principle, but not to protect a man who feels he must go to England to play golf."

"Not a word then or ever, so far as I have learned, did he speak in condemnation of the brutes who ordered or those who committed this shameful crime against humanity, and the laws of the world. If Mr. Willis, as governor or man, ever condemned the horrible atrocities committed on the helpless and harmless inhabitants of Belgium, France, Poland, Serbia and Italy, which were often too gross for public mention, it has escaped my attention. If he ever expressed approval of the president or of congress, I never heard of it."

"I do not say Mr. Willis is not loyal and patriotic, according to his lights. I have no doubt he is. But his lights are dim and badly adjusted. He does not perceive the bearing and significance of what he does say. But I do say, and I would say it if he were the Democratic candidate for governor, that it would be most unwise to choose him for Ohio's leader in the war."

There is no better or broader or fairer mind in Ohio than that of ex-Governor Harmon—no mind that is less swayed by partisan feeling. His choice between Cox and Willis, and his reasons for that choice are of profound significance to the people of our state and will be accepted as a conclusive guide by many voters.

Ohio is back on a paying basis with \$7,355,807.60 in its treasury, State Auditor Vic Donahay's report shows. And this in spite of the greatly increased cost of conducting state institutions caused by war conditions. During his one term former Governor Willis not only spent the surplus left him by Governor Cox, but in addition created a deficit.

It takes a man of much poise to stand on his dignity in a crowded street.

IMPORTANT LINKS

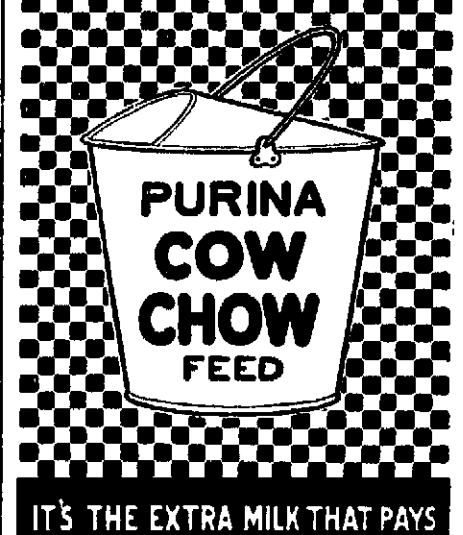

Hygiene, rest, pure air, sunshine and a well-balanced diet, plus

SCOTT'S EMULSION

to improve the blood-quality, increase body-weight and build up resistance, are important links in the logical treatment of incipient pulmonary affections. To a child or adult with a tendency to weak lungs or tender throat, Scott's brings a wealth of rich tonic-nourishment.

A little of Scott's Emulsion today may do you a world of good tomorrow.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave his patients a prescription made of a well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

BLISS NATIVE HERB TABLETS

A RUN DOWN SYSTEM is like a run-down clock. Unless tuned it is of little use. If you are run-down from overwork, don't neglect your condition. Get a box of Bliss Native Herb Tablets, take one or two at bedtime, and you will note an immediate improvement. For over thirty years they have proved a wonderful aid to men, women and children in maintaining health and vigor. George Grindstaff, Duxville, Tenn., writes: "I was all run-down in health, and it seemed nothing would help me. I was induced to try Bliss Native Herb Tablets. I am thankful to say, my health is now as good as new. I am enjoying good health." Don't delay taking Bliss Native Herb Tablets. There is nothing to equal them for removing the cause of constipation, liver and kidney trouble, sick headache, rheumatism or disordered stomach. They stimulate the liver, purify the blood and tone up the system, also improve the appetite. Get the genuine. Look for the trade mark and the name Bliss on every box of 200 tablets. Sold by leading druggists and local agents everywhere.

FOR ITCHING TORTURE.

See Penetrating, Antiseptic Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky, and is positively safe for tender, sensitive skin.

W. R. West, Cleveland, O.

DOCTOR JACKSON'S

Digestive and Liver Powder

"How about an old-fashioned 'hot-d' dinner? Can't eat it on account of your stomach? Use this powder and find ready relief." Price 60c and \$1.00 at all druggists. Send 2c stamp to Dr. Jackson Medicine Co., Zanesville, O., for sample package.

FEDERAL BOARD TO END STRIKE

Cars Are Operating Pending Decision of War Labor Board, Springfield Reports.

The operation of city and interurban cars was resumed in this city this morning at 8:45 o'clock, after having been taken to the cars last Tuesday at midnight following a strike of the conductors and motormen who asked for recognition of their union and an increase of their wage scale.

A conference has been in session at Springfield, where the general offices of the company are located, between representatives of the war labor board, officials of the company and delegates of the Amalgamated Street Car Employees.

Representatives of the war labor board will remain in Springfield until the complaint of the car men is properly formed and they will take it to Washington. Both sides have agreed to submit all differences to the war labor board and pending such action the car men will ask increased pay dating from the time they returned to work.

The Newark branch of the Amalgamated association was represented at Springfield by J. F. Leedy, president, and Levi Laughman.

NINE DEATHS

(Continued From Page 1)

department preventing the disease and the street cars are requested to keep the windows open.

Also the health department notifies the sellers of soft drinks that they are restricted in their sales as well as the liquor dealers until the epidemic passes.

DIES AT SANITARIUM FOLLOWING INFLUENZA

Mrs. Marietta Cochran, 37, died at the Sanitarium, Saturday evening at 10:30 o'clock, of double pneumonia. She is the wife of William Cochran of Brownsville, and was brought here to her mother, Mrs. Corilla Kelly, 125 East Main street. Besides her husband, she leaves five children, her mother and a sister, Mrs. Gladys Gardner, of this city. A funeral was held at 1 o'clock this afternoon. Rev. L. C. Spaulding officiated. Burial was made in Brownsville.

DIES OF PNEUMONIA LEAVES TINY BABE

Mrs. Rachel Gainer, aged 27, wife of Peter Gainer, Moult street, died Sunday at 1:30 o'clock of double pneumonia. An infant, born Sunday morning, still lives. Besides her husband she leaves three sons and two daughters, the youngest being three years old. Her parents Mr. and Mrs. Giffin of Hanover, 3 brothers and four sisters.

The funeral will be held Tuesday at 2 o'clock from the Egan undertaking establishment, Rev. Mr. Green will officiate. Burial will be in Cedar Hill cemetery.

MOTHER OF FIVE DIES OF INFLUENZA

Mrs. James E. Gault, aged 33 years, died at her home at Black Hand at midnight last night, following an illness of influenza. She is survived by her husband and five small children, three sons and two daughters, the youngest being three years old. Her parents Mr. and Mrs. Giffin of Hanover, 3 brothers and four sisters.

The funeral arrangements have not been made.

SOLDIER SUGGUMBS AT OHIO CANTONMENT

Eugene Connors, aged 21 years, died at the base hospital at Camp Sherman at 6:45 Saturday evening of pneumonia. He was formerly an apprentice moulder at Wehrle's and left for camp September 5th. He leaves his mother, Mrs. Anna Connors of 361 Seroco avenue, five brothers and three sisters.

There was never a time when the sacrifices and the help of women were more appreciated than at the present time. Women should learn war-nursing and nursing at home. There is no better way than to study the new edition of "Common Sense Medical Adviser" with chapters on First Aid, Bandaging, Anatomy, Hygiene, care of the Sick, Diseases of Women, Mother and Babe, the Marriage Relations to be had at some drug-stores or send 50c. to Publisher, 657 Washington Street, Buffalo, N. Y.

If a woman suffers from weak back, nervousness or dizziness—if pains afflict her, the best tonic and corrective is one made up of native herbs and made without alcohol, which makes weak women strong and sick women well. It is the prescription of Dr. Pierce, used by him in active practice many years and now sold by almost every druggist in the land, in liquid or in tablets. Send Dr. Pierce, Buffalo, N. Y., 10c. for trial pkg. Dr. Pierce's Pleasant Pellets are also best for liver and bowel trouble.

Cleveland, Ohio.—"During expectancy I was sick for three or four months, my strength left me and I became weak and nervous and just felt wretched. I began taking Dr. Pierce's Favorite Prescription and my strength returned very rapidly and I felt very well the remainder of the time. My baby was a very strong, healthy child and always has been. I would especially recommend 'Favorite Prescription' to the expectant mother."

—Mrs. Doris Baumgardner, 2314 77th St. E.

Margaret, Cecelia, Walter and Ray of the home, George J. of this city, Arthur in France, Charles in the service at Fort Worth, Texas, and Mrs. Elizabeth Cassell of Columbus.

The body is expected to arrive Tuesday.

PNEUMONIA FOLLOWS FLU; DEATH ENSUES

Miss Anna Smith, 40, died on Saturday afternoon at 2 o'clock at the home of her sister, Mrs. W. M. Trumpower, 72 Bowers avenue. Death followed an illness of influenza and pneumonia. Miss Smith came to Newark in the early spring from Los Angeles, Calif., and had been employed by Dr. E. E. Corikwell.

The funeral services will be held at the home Tuesday afternoon and will be private and burial will be made in Cedar Hill cemetery.

INFANT'S DEATH IS DUE TO INFLUENZA

Charles Emerson Speaks, aged 1 year, 3 months and 26 days died Saturday afternoon at the home of the parents Mr. and Mrs. Earl F. Speaks, 65 Pleek avenue. Death came from an attack of influenza. Surviving are the parents, a sister and a brother. The body will be sent to Washington, D. C. Tuesday afternoon at 1:30 o'clock by the Citizens Undertaking company and interment will be made there Tuesday.

UTICA MAN DIES IN NEWARK OF MALADY

Dahern Moore, known as "Harry Moore" of Utica, a Slav, aged 28 years, died at the Newark Sanitarium Saturday evening at 5:45 o'clock following an attack of influenza and pneumonia. He was brought to the Sanitarium Thursday by the Citizens Undertaking company and following his death his body was removed there and prepared for burial. Surviving are his wife and several children and parents in the old country and an uncle who lives in Zanesville.

There will be short private services at the chapel at the undertaking parlors at 3:30 o'clock this afternoon and interment will be made in Cedar Hill cemetery.

DOUGHERTY INFANT IS VICTIM OF FLU

Emmet, 3-year-old son of Mr. and Mrs. George Dougherty of Orpheus street, died Saturday night of influenza. There are two other children in the family, the daughter, aged 7, and a baby. The funeral was held this afternoon. Burial in Cedar Hill.

3 MEMBERS HAWKINS FAMILY ARE ILL

The three members of the family of Paul E. Hawkins of the Orpheus apartments are ill with influenza. Paul Hawkins, who plays the saxophone, was removed to the city hospital, while Mrs. Hawkins and her little son Carl were taken to the home of Mrs. Hawkins' mother, Mrs. Charles Price in West Main street.

MRS. HALL DIES OF PNEUMONIA

Mrs. Grace Hall, wife of George W. Hall, died at her home 95 Maholm street, on Sunday, aged 33 years, following an illness of double pneumonia. She was born at New York City, Feb. 15, 1885 and is survived by her husband, two sons, Walter and Cary, both of the home, her parents, three brothers and eight sisters.

Funeral services will be held at the home 95 Maholm street Tuesday afternoon.

DOUBLE PNEUMONIA RESULTS IN DEATH

Mrs. Julia Toth aged 23, wife of Andrew Toth, 357 Washington street, died Sunday afternoon at 3:30 of double pneumonia. Besides her husband she leaves two children Melvin aged 3 and John 18 months.

Funeral arrangements have not been made.

NEWARK WOMAN HEARS OF SISTER'S DEATH

Mrs. Nellie Bragg received a message this morning informing her of the death of her sister Mrs. Nettie Goddard 52 of Carleville, O. She is the wife of George W. Goddard of 187 Town street. She died this morning at 7:30 of influenza. Surviving are the husband and four children Clarence who is in France, Margaret, Raymond and Helen of the home.

She is the daughter of Mrs. Melissa Carrico of 335 Eddy street and has one brother Frank Carrico.

EPIDEMIC OVER; BAN IS LIFTED IN BOSTON

(Associated Press Telegram)

Boston, Oct. 21.—Normal conditions were resumed in this city today when schools, theatres, motion picture houses, dance halls, billiard and pool rooms, bowling alleys, liquor saloons, soda fountains and other places of public assembly were allowed to reopen by health officials. These places had been closed for nearly three weeks because of the epidemic of influenza which caused nearly 4,000 deaths in Boston.

MOTHER DIES; FATHER AND DAUGHTER ILL

Mrs. Alice May Dusenberry, wife of Herbert Dusenberry, died at her home Sunday night, following an illness of typhoid fever. Her husband is at the City Hospital suffering from the same disease and one daughter, Mabel and

been seriously ill with the fever at the home.

The deceased was aged 41 years, and the body was removed to the Citizens Undertaking parlors. No arrangements have been made for the funeral owing to the illness in the family. Surviving is the husband, three daughters, Mrs. Hazel Ort, Mabel and Ruth, at the home, one son Harold, the parents, Mr. and Mrs. Jessie Randalls of Coshocton county, three brothers, Graham in France, Alonzo of Columbus, Herbert of Camp Sherman, two sisters, Mrs. Melina Dickerson of Cooperdale, O., and Mrs. Maud Rogers of North street, this city.

The condition of Mr. Dusenberry and daughter is slightly improved today.

CANCELS TAFT MEETING BECAUSE OF EPIDEMIC

(Associated Press Telegram)

Columbus, Oct. 21.—Because of the Spanish influenza epidemic and quarantine, Governor Cox today called off the "win-the-war-for-permanent-peace convention" which was to have been held here Thursday under the auspices of the League to Enforce Peace. Before cancelling the meeting the governor communicated by telephone with former President William H. Taft, executive officer of the national organization, who agreed that the present conditions of the meeting should not be held.

"All things must be subordinated now to the public health," Governor Cox said in discussing the situation. "Such a menace has developed to our man power and our industrial efficiency that the pressing task which we must devote ourselves to for the moment is the bringing to an end the epidemic at the earliest possible hour."

The meeting was to have had for its purpose the elaboration of the organization within the state and to obtain an expression of the ruling thought of the people on the subject of peace. Commenting upon the subject the governor said:

"If the guilty powers of Prussia are to go unpunished now, then every code, every precaution, every teaching of human experience and the best impulses of man have made possible during the centuries is cast aside. It must be made plain that the 'wrath of God' possessing the heart of civilized man, no matter what blood courses through his veins, is to descend upon those who are not in a vengeful spirit, but as a plain duty to this generation and those that follow."

EXPECT INCREASE TO CONTINUE DURING WEEK

(Associated Press Telegram)

Columbus, Oct. 21.—With the number of cases of Spanish influenza nearing the 100,000 mark, Acting State Health Commissioner Bauman said this morning he expected the number to continue to increase during the week.

Over Sunday reports have not yet been tabulated but it is expected they will show an increase in practically every affected community and many new by affected centers.

With the cancelling of all political meetings by both Democratic and Republican parties, health regulations forbidding assemblies will be in full effect throughout the state.

Mr. Bauman has been notified by Surgeon General Bailett of the Federal health service that Ohio is to be furnished a man to direct Red Cross work, especially the assignment of nurses.

YANKS REGAIN LOST WOOD WON BY HUNS

(Associated Press Telegram)

Verdun, Oct. 21.—(Noon)—Fierce fighting took place today in the Bois de Rappes, on the western end of the American line, the face of the fighting machine guns of the Americans were forced to fall back. Later they counter-attacked and regained the part of the wood that had been lost.

The American artillery continues to pound heavily German positions just to the north of the fighting line.

Immediately west of the Meuse the Americans consolidated their positions overnight, notwithstanding the activity of German guns of various calibers. In the line straightening process an American battalion captured a little thicker to the east of the Bois de Rappes and took several prisoners, including two officers. The prisoners said they believed peace would come soon.

There was considerable enemy troops movement today on both sides of the Meuse. Although the day was cloudy there also was much aerial activity.

GREEKS LIBERATED BY SERBIA'S VICTORY

(Associated Press Telegram)

Saloniki, Sunday, Oct. 20.—Greeks from eastern Macedonia who were taken from their homes by the Bulgarians and sent to the neighborhood of Kitchovo, Serbia, during the war, are arriving here following their liberation by the allies. They say that they were forced to construct trenches along the Struma river and were under fire much of the time. Not only the men but women and children were under shell fire from the allied artillery at times.

During the occupation of Greek Macedonia tens of thousands of persons were deported and many of them have died from their harrowing experiences.

AIDED PERSHING IN ST. MIHIEL DRIVE

(Associated Press Telegram)

London, Sunday, Oct. 20.—Greeks from eastern Macedonia who were taken from their homes by the Bulgarians and sent to the neighborhood of Kitchovo, Serbia, during the war, are arriving here following their liberation by the allies. They say that they were forced to construct trenches along the Struma river and were under fire much of the time. Not only the men but women and children were under shell fire from the allied artillery at times.

During the occupation of Greek Macedonia tens of thousands of persons were deported and many of them have died from their harrowing experiences.

SERBS 25 MILES FROM DANUBE AT NEGOTIN

(Associated Press Telegram)

London, Oct. 21.—Serbo-Serbian troops have entered Zaitochar, 25 miles from the river Danube at Negotin, and 45 miles northeast of Nish, according to a Serbian official statement issued Sunday.

West of Zaitochar the allies have captured Dolyevatz. The statement reads:

"On Saturday French cavalry with a detachment of Serbian infantry entered Zaitochar. Further west we captured Dolyevatz in the valley of the west Morava river our troops have entered Trstenik."

BRITISH TAKE 3000 IN LE CATEAU DRIVE

(Associated Press Telegram)

London, Oct. 21.—More than 3,000 prisoners were captured by the British yesterday in the operations north of Le Cateau when the Belle river was crossed on a wide front, according to Field Marshal Haig's report today.

In the Valenciennes region the British are approaching St. Amand, six miles northwest of Valenciennes. North of Tournai they are pushing forward to the line of the Scheldt river.

There is no confirmation of a report from Dutch sources that the allied troops have captured Eecio and several thousand prisoners. This is believed to be extremely improbable as is also the report that the fate of Ghent has been sealed.

HAIG COMMENDS U. S. TROOPS IN PICARDY

(Associated Press Telegram)

With the Anglo-American Forces, East of Le Cateau, Sunday, Oct. 20.—The British army have made a total advance of 13 miles in the last six days of battle in this sector.

Field Marshal Sir Douglas Haig, commander-in-chief of the British armies in France, has sent the following letter to the general commanding the American troops:

"I wish to express to you, personally, and to all officers and soldiers serving under you, my warm appreciation of the very valuable assistance and gallant ac-

BOY LOSES BOTH LEGS IN ACCIDENT

An 11-year old boy, of foreign parentage, suffered horrible injuries at the Callender cleaning establishment in East Main street this afternoon about 2 o'clock when he was whirled about a shaft. One leg was torn off above the knee and the foot of the other leg was torn off.

The boy was playing about the shed in the rear of the building when the line shaft is exposed. His clothing became caught on the shaft and his body was whirled many times about the shaft.

A playmate who was with him at the time became frightened at the spectacle and disappeared from the scene. No one at the plant knew the injured boy.

He was still conscious when removed to the City hospital.

REINFORCEMENTS

(Continued From Page 1)

cut fine-leather seats from chairs, ripped pictures from their frames and even took the covers off the mattresses. Apparently they went through the fine old homes of the city with the idea of seeing how thoroughly they could wreck the interiors. In many places they deliberately broke up everything they could lay their hands on.

For miles around Douai and Tournai the countryside has been singed and scorched by the red heat of war. Broken cannon, rusted rifles, pieces of shell, barbed wire and the bayonets and other equipment of soldiers are scattered all about. There are miles of fields where the shell craters are so thick that it is impossible to tell where one begins and the other leaves off.

Here and there are old machine gun emplacements of solid steel and concrete trees are leafless and many have been chewed to pieces by flying shells and bullets.

FOE BLOCKS OSTEND CHANNEL WITH HULK

(Associated Press Telegram)

With the Allied Army in Belgium, Sunday, Oct. 20.—Before leaving Ostend the Germans scuttled a large mail boat alongside the old British warship Vindictive, which was sunk in the channel there last May. They made doubly sure that the channel will be blocked for a long time.

Inspection of the city shows that that British shells did terrific damage to enemy military and naval establishments, but did not harm the residential or business sections to any extent. The only money left in Ostend and liberated Belgian cities is German.

Many of the smaller children use German as their language. The enemy apparently went out of his way to teach his tongue to these children.

GERMANY PREPARED FOR WITHDRAWAL

(Associated Press Telegram)

With the American Army Northwest of Verdun, Oct. 21.—When the German government on October 12 told President Wilson that it was ready to comply with the proposition of the President concerning evacuation, the German army had completed arrangements for a withdrawal from France. This assertion is made by German officials captured by the Americans Sunday in the region of Grand Pre.

The prisoners agreed that the German command had started making estimates of transportation facilities required in the evacuation of French territory.

SOCIAL EVENTS

The forced cancelling of the convention of the Ohio Federation of Women's clubs, scheduled for October 15 to 18, was a bitter disappointment to hundreds of delegates, but by no one was it more keenly felt than by the hostesses, the club women of Coshocton.

However, they have proven themselves good soldiers by the fine spirit with which they are meeting the unfortunate situation. They have worked for months to make all the necessary preparations which such a gathering entails. That the ruling of the state board of health interfered with the realization of their plans is to be ever deeply regretted, but no one will question the wisdom of this decision. The federation has established a fund for the welfare of the public, and the great danger of spreading influenza by bringing together hundreds of women from every section of the state was a matter to be treated with serious consideration.

Just what arrangement can be made to remedy the loss to the club women cannot be decided until a meeting of the board and chairmen of departments can be held. This will not be done until all danger of the epidemic is passed.

The original idea of the commission of establishing foreign homes in France has been expanded to rest upon the control of the Y. M. C. A. The club women of the United States are urged to furnish as many units as their funds permit, of one hundred or more to make up to these rest areas and provide the touch of home life which women alone can give. Ohio has the privilege of recommending two of these young women. Names may be sent to the president, Mrs. Prentice E. Root, Toledo, O. To do this it will be necessary that every club send its apportionment of one dollar per member. Have you responded to the appeal made last May? If not, will you not uphold the honor of the Ohio Federation by sending at once to Mrs. Prentice E. Root your check covering your contribution to this noble cause?

THEY'RE MIGHTY GOOD FOR LITTLE GUYS LIKE ME—says Bobby

POST TOASTIES

(MADE OF CORN)

views rendered throughout the operations of the Fourth British army.

"Called upon to attack portions of the greatest strength held by a determined enemy, all ranks of the 27th and 30th divisions under your command have displayed an energy, courage and determination in attack which has proved invaluable."

"It does not need me to tell you that under heavy fighting of the last three weeks you have earned the lasting esteem and admiration of your British comrades in the army whose successes you have so nobly shared."

(Associated Press Telegram)

With the British Armies in France, Sunday, Oct. 20.—(Havas)—Douai, in its moving and resolution, is a sad sight. Moving pictures of the city should be taken so that the world could see for itself sights which cannot be described. The streets are filled with furniture and articles of all kinds. It might be said that in Douai, all the insane asylums had been opened and that madmen in their fury had taken delight in destroying everything.

The stained glass windows, in the church of St. Peter have been smashed and the great organ has been broken up.

Most of the paintings in the museum were taken away, but fortunately the beirfy was undamaged.

FOE BLOCKS OSTEND CHANNEL WITH HULK

(Associated Press Telegram)

With the Allied Army in Belgium, Sunday, Oct. 20.—Before leaving Ostend the Germans scuttled a large mail boat alongside the old British warship Vindictive, which was sunk in the channel there last May. They made doubly sure that the channel will be blocked for a long time.

Ohio has the privilege of recommending two of these young women. Names may be sent to the president, Mrs. Prentice E. Root, Toledo, O. To do this it will be necessary that every club send its apportionment of one dollar per member. Have you responded to the appeal made last May? If not, will you not uphold the honor of the Ohio Federation by sending at once to Mrs. Prentice E. Root your check covering your contribution to this noble cause?

STATE'S FINANCES FOR LAST 5 YEARS

Auditor's Report Shows Economy Administrations Under Cox.

Columbus, O.—(Special).—How the state finances have stood for the past five years is shown in the report of state revenues and disbursements of each fiscal year from Nov. 15, 1913, to July 1, 1918. It is interesting to note that in 1913 and 1914, as well as in 1915, the state treasury shows an excess of receipts over disbursements, while in 1916, 1917 and 1918 the disbursements exceeded the receipts.

In 1913 total receipts during the fiscal year, all funds, were \$15,578,471.60; total disbursements were \$14,707,624.46, making an excess of receipts of \$870,847.14. In 1914, receipts were \$20,544,539.16; disbursements, \$18,345,251.65, an excess in receipts of \$2,199,287.50. These were the years of Governor Cox's first administration.

In 1915, Governor Willis's first year, receipts in total were \$11,541,558.44; disbursements \$11,896,009.06, making an excess in disbursements of \$354,450.62. The 1916 report covers only seven and a half months, due to the change of the end of the fiscal year from Nov. 15 to June 30. In 1916, Willis' second year, receipts were \$19,176,740.29; disbursements \$19,695,902.32, an excess in disbursements of \$520,162.04. The next year, which ended fiscally in the middle of the first year of Governor Cox's second term, an excess in disbursements of \$382,384.05 was recorded. The fiscal year ending June 30, this year, however, shows an excess in receipts amounting to \$870,226.91.

These plain figures are the answer to the pleaders for a return to "Republican economy."

"With the exception of a half year in 1917, when six months of Willis' administration of public funds had to be counted in the total, every year of Governor Cox's administration shows far smaller expenditures than revenue, and this is true, during the past two years, particularly, in the face of mounting costs, due to the war."

WHO'S BLOCKING THE WAY TO VICTORY?

Attacks on National and State War Leaders Resented.

"For us there is but one choice. We have made it. We be to the man or group of men that seeks to stand in our way in this day of high resolution, when every principle we hold dearest is to be vindicated and made secure for the salvation of nations."

"We are ready to plead at the bar of history, and our flag shall wear a new luster. Once more we shall make good with our lives and fortunes the great faith to which we were born and a new glory shall shine in the face of our people."

—President Woodrow Wilson.

Columbus, O.—(Special).—Ohioans who recall these words, spoken by the president upon our entry into the war, are wondering how candidates whose party leaders refused to allow a picture of President Wilson in their convention hall can expect support from any loyal American in their effort to discredit the national and state war administrations, and through alignment with every disgruntled and dissatisfied element begin a two years' campaign of harassing the national administration.

It is pointed out by those whose patriotism resents such un-Americanism that loyalty to the nation can not exist unless there also is loyalty to the administrative head of our government. While many have declared themselves "loyal Republicans," they are careful to add that they will not allow themselves to be hoodwinked into disloyalty by giving their support to candidates whose only aim is office regardless of consequences.

With each new attempt to attack or belittle the part the United States is taking in the making of world history Ohio voters become more convinced that if they are to continue 100 per cent American they must support the national and state war administrations.

Why all this fuss about a "dry issue?" Congress and President Wilson have settled this not only for Ohio, but for every city, town and hamlet in the United States.

THEY'RE MIGHTY GOOD FOR LITTLE GUYS LIKE ME—says Bobby

POST TOASTIES

(MADE OF CORN)

FROM OCEAN TO OCEAN

Women Praise Lydia E. Pinkham's Vegetable Compound for Health Restored.

In almost every neighborhood in America are women who have tried this standard remedy for female ills and know its worth.

Athol, Mass.—"Lydia E. Pinkham's Vegetable Compound has done me a world of good. I suffered from weakness and a great deal of pain every month and nothing brought me any relief until I tried this famous medicine. I am a different woman since I took it and want others who suffer to know about it."—Mrs. ARTHUR LAWSON, 569 Cottage St., Athol, Mass.

San Francisco, Cal.—"I was in a very weak nervous condition, having suffered terribly from a female trouble for over five years. I had taken all kinds of medicine and had many different doctors and they all said I would have to be operated on, but Lydia E. Pinkham's Vegetable Compound cured me entirely, and now I am a strong well woman."—Mrs. H. ROSSKAMP, 447 Devisadero St., San Francisco, Cal.

For special advice in regard to ailments write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its many years experience is at your service.

FOR SKIN SORENESS OF INFANTS AND CHILDREN YOU CAN FIND SYKES COMFORT POWDER

Leading physicians and nurses have used and endorsed it for more than 25 years. 25c at the Vinal and other drug stores. The Comfort Powder Co., Boston, Mass.

BREAK LA GRIPPE OR INFLUENZA

Go to bed at once, cover up real warm, take four doses of Hull's Superlative Compound, 20 drops at a dose, every two hours. You will go into a sweat. Remain covered until perfectly dry. You will notice that aches, pains and fever have disappeared. Follow by taking 8 to 10 drops three times a day until perfectly well. Do not expose yourself or get chilled until you are thoroughly well, or a relapse is liable to take place which may be much worse than the first attack. If it does not act on the bowels in 12 hours take a strong physic.

"25 years ago I had a bad attack of real influenza; our family all had the same. Hull's Superlative did its work in 24 hours and broke me up and has broken up all the colds and la grippe I have had in the last 25 years. I know what it will do and have confidence; that is the reason I can recommend it to others, with good faith and a clear conscience that it will do for you what it has done for me."

Hull's Superlative is a root and bark remedy, rich in Peruvian Bark, fever breaker, Golden Seal, the greatest known vegetable anesthetic, and other ingredients as good as those mentioned. Hundreds testify to great good received. Be sure and keep it in the house. La Grippe comes almost at once without warning. Then is when you need Hull's Superlative.

GRANVILLE BOY IS CITED FOR VALOR

Air Pilot With French
Army Gets Official Com-
mendation and War
Cross

Granville, O., Oct. 21.—Lieutenant Joseph F. Haskins, son of Mrs. E. E. Haskins of the Buxton house, has been awarded the French war cross and cited in official orders for the French army for valor and calm courage in action, according to letters received by the air pilot's mother. The citation states that he has carried out successfully several bombing operations and machine-gun attacks at low altitude. In the letter accompanying the copy of the citation, Taskins modestly declares that he did not deserve the citation nor the cross. He has recently been transferred from the French escadron to the American aviation service, his letter says.

More than doubling her quota, Granville closed her campaign for the fourth Liberty loan, Saturday evening, with a total subscription of 122,000, an achievement which entitles her to expand her chest somewhat in view of the fact that all the subscriptions were secured at the war trophy train, last Monday, and received at the Granville bank without solicitation. The trophy train exceeded these figures when the students' army training corps has turned in its final report. At noon Saturday, this unit had subscribed 25,000, but only a small portion of this amount was in the community, when it comes to practical patriotism, seems to be a solid unit.

Sigma Delta Phi society of Shephardson college subscribed for a bond, and in so doing, has displayed as much patriotism as the subscribers for thousands. The pledge involves real self-denial as this society which lost its beautiful lodge in Park Drive by fire recently, has purchased and refurnished a new house which seemed to have taken all the visible resources. However, these enterprising young ladies figured that by foregoing their usual Saturday night suppers—a real recreation and needed diversion to them—the could manage a \$50-bond.

Mr. and Mrs. Canby of Dayton, spent the week-end at the Buxton house visiting their son, Roland Canby, who is a student in Denison university.

Otto J. Fagan, White studio, New York City, is registered at the Buxton house.

Dr. George Fitch McKibben came up from Camp Sherman, Saturday, to spend Sunday at the Buxton house.

He reports conditions in that camp as greatly improved. He says that no one can imagine the horrors of the past weeks, when at one time there were over 100 men in the hospital, and not a sufficient number of either physicians or nurses to care for them. He spoke of one doctor who had no sleep for eight nights during the worst of the epidemic. He himself has escaped, although he has worked unceasingly in the hospital, and at everything else to which he could turn his hand. He says that the buildings are undergoing the most rigid sanitary measures. The floors are washed twice daily with antiseptic solutions, the streets in the camp are sprinkled to keep down the dust, and everyone is required to use preventive treatment two or three times a day. Different huts are being reopened and the amusement places will doubtless be in operation this week.

The girls of Chi Psi Delta enjoyed a banquet of 40 covers at the sorority house, Saturday evening, a delightful social attention to the pledged members, before their final initiation. The initiates were: Misses Bertha Knapp, Ellen Burns, Sue Helbig, Cornelia Howe and Anna E. Edridge.

Karl Babb, Denison, 13, Phi Gamma Delta, who was a week-end guest at the home of Judge and Mrs. J. M. Swartz, left this morning for his home in Xenia, accompanied by Mrs. Babb and the two children, Virginia and Charles Lewis Babb, who have spent the past few weeks with their parents.

Mayor and Mrs. C. D. Coons and Miss Ada Roubush of Cincinnati, were Sunday dinner guests of Judge and Mrs. J. M. Swartz.

Mrs. Burket, with her baby daughter, Lois Jean, of Columbus, is staying for the present with her parents, Mr. and Mrs. E. E. Haskins at the Buxton house.

A party of six motored to Millwood, Saturday morning, for an expedition to a nearby fishing resort. Those in the party were: Samuel Devinney, L. A. Atobin, Hubert E. Haskins, Harry Thomas, Dr. J. W. Rohrer and Watkins Thomas.

First Lieutenant Charles H. Haskins, flight commander at Brindley field, Mingoia, Long Island, who has spent a day leave with his parents, Mr. and Mrs. E. E. Haskins at the Buxton house, left yesterday for New York to resume his duties.

Seymour Underwood, chef at the Buxton house for the past two years, is reported as having been discharged and cared for at the Buxton house by Mrs. Haskins and her family, whom he served for several years as cook.

The Granville Women's Music club, which had postponed the regular meeting of October 16 to Wednesday, October 23, is again obliged to announce its postponement for a week.

Dr. Lovelace for the health board, announced that the ban will not be lifted in Granville before November 1st. It will reopen on that date if the order is not rescinded in the meantime.

Miss Lois Anderson of Beaver, Pa., is the guest of Mrs. Howard L. Williams and her daughter, Mrs. Ruth, at their home in the Alexandria road.

**OBJECTORS AT CAMP
FACE SPECIAL BOARD**

Camp Sherman, Chillicothe, O., Oct. 21.—The national board of inquiry, headed by J. W. Mack, United States circuit judge of Chicago, was here Saturday holding an inquiry as to the sincerity of the conscientious objectors. Their recommendations were not made public, further than there will be a number of boards of this nature placed in different sections of the country.

The board recommended for the Camp Sherman section L. Judge A. C. Denison, Grand Rapids, Mich.; J. R. Swing, Hamilton, O., and Murray Seigerson, Cincinnati.

Two majors, 12 lieutenants of the medical corps, 15th depot bridge, have been detailed for special duty with the 25th division. The work of examining men of the depot brigade for transfer to the division is progressing rapidly.

General Croft today issued another appeal for bandmen. The permission of the federal authorities has been obtained to enlist men between 19 and 34 years of age for this branch of the service.

Few new cases of influenza are being reported in Chillicothe, but none of the quarantine measures have yet been lifted.

25 Years Ago

(From Advocate October 21, 1893.)
Rev. Mr. E. E. Merland of Cleveland today and in his pulpit tomorrow, Miss Sadie Conley, accompanied by her cousin, Mrs. Fax of Hartford, Conn., left this morning for Chicago.
Thomas J. Gannon, who has been in Michigan for the past month in the interest of the Edward H. Everett company, has returned home.
Samuel G. Foss started this morning for Chicago where he expects to join his wife, who has been spending several months with friends in Iowa.

15 YEARS AGO

(From Advocate October 21, 1903.)
Mr. E. E. Merland of Cleveland is the guest of her mother, Mrs. Kate King, North Second street.
The Misses Pugh entertained a few friends last evening.
Mr. and Mrs. C. Diebold are spending the day at Avondale.
Mrs. Arthur C. Hatch was in Columbus today.
Mr. and Mrs. E. L. Horney of Chillicothe, were guests of Mr. and Mrs. T. M. Edmonson in the city.
Mrs. J. B. Jones, Mrs. A. H. Pearson, and Mrs. John Tucker, representing the Review club, went to Columbus today to attend the State Federation of Women's clubs.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If Peevish, feverish and sick, give
"California Syrup of
Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle laxative and bowel cleansing could always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a tea spoonful, and in a few hours all the foul matter, mucus and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative." It never fails to give a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given to a sick child, or a mother, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." (Adv.)

GALLIPOLIS MOURNS DEATH OF DAN GANEY

The Gallipolis Daily Tribune has the following editorial comment on the death of Daniel J. Ganey who died in Gallipolis Thursday morning.

"The death of Mr. Dan J. Ganey in the midst of his vigorous and successful young manhood, shocks all Gallipolis. As head of an important business in this city, Mr. Ganey has been thrown into personal contact with many people, which meant for him many friends, for none but earnest men or women could resist the genial influence of his lively and attractive personality. An optimist always, Mr. Ganey constantly radiated good humor, and had a really friendly disposition toward everybody."

"We have met Mr. Ganey many times since he came to Gallipolis, socially, in a business way, and when on pleasure bent; and never did we come in contact with him that we did not get the impression to be cheerful and smile. He was industrious, a clever salesman, a capable business manager, and determined to succeed. He did succeed, for his business has grown rapidly from the start. That he should be cut off from it by this dreadful plague of pneumonia, and forced to leave his interesting young children and beloved wife at the period when they need him most is one of those mysterious things of life and death that pass understanding."

"In his passing we feel keenly the loss of a personal friend, and the community mourns the departure of an energetic builder of commercial strength, a good citizen, and perhaps the most promising of all the younger generation of business men. May he rest in peace, and may his sorely stricken family receive consolation from above."

It is the man who is at war with himself that is generally the last to heed peace overtures.

**POWERFUL PILE
REMEDY DISCOVERED**

Has never Failed to End Most Ob-
stinate Case of Piles in Few Days.

For years it has been proved that so-called "piles" can be removed by the use of the "Miro" Pile Remedy, which is inserted in the rectum and cures piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation.

This wonderful prescription known as Miro Pile Remedy, is so efficient in the treatment of piles, that even chronic cases of from 20 to 30 years standing with profuse bleeding, have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

Just read what Henry J. Stone of the Lorain, Ohio, Fire Department says: "I had bleeding and protruding piles for three years and tried all kinds of remedies without result, but was thoroughly cured after taking one bottle of Miro."

Frank J. Phillips of Bird Island, Minnesota, says: "I used half a bottle of Miro. It worked like a charm. I no longer suffer with bleeding and protruding piles. I never regretted the money for such blessing as I am now enjoying. I would have used the whole bottle, but it was not necessary."

All pharmacists dispense Miro or can get it for you on short notice. Surely it is worth the little trouble to obtain it to be rid of piles forever.

IMPORTANT: What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription. (Adv.)

Advertising—The Buying Power

COPYRIGHT 1918
By R. & L. Co.

BY HUGH BRENNAN
President Dooley-Brennan Co.
Chicago

NUMBER
14

A series of fifty-two articles written by experts on advertising for your benefit. They will appear weekly in The Advocate. Read them and learn how advertising helps you.

Away back in the history of the advertising business, some twenty years ago, there used to be a common slogan employed by unthinking manufacturers, which was illogical, erroneous and misleading, yet it was popular. This slogan was—"THE BEST BECAUSE IT IS THE CHEAPEST."

There isn't any premise upon which one might predicate conclusion that anything is best because it costs the least. In fact it is more logical to presume that the thing which costs the most must be most desirable.

Today the national advertiser who is successful gives two very great considerations to his business before marketing an article, and the first of these is the quality which he proposes to furnish the prospective buyers.

In other words he is conscientiously endeavoring to give the consumers the very best that any one can possibly give them.

His second consideration and the one to which he gives very serious thought is—what price must he charge the public for the article. The price must not be too much nor yet must it be too little, and until he arrives at the proper margin upon which to figure fair profits he is not ready to advertise the article to the public.

Advertising is really an insurance to the consumer as to price.

Advertising is the one force in commerce and trade today which more nearly guarantees to the people a fair price on consumer exchange with the assurance that the price is standardized in a way that there will be no fluctuation.

Never has this been so practically demonstrated in the history of business than it has been during the past two years when there has been an emphatic tendency to raise prices for articles of food, clothing or means of shelter.

While we know that unusual conditions make a great scarcity in raw materials, the manufacture of many goods, yet it would seem at times that there is an unreasonable increase in prices for articles which have been advertised for years at standard prices remain either at that standard at the present time or so very nearly this amount that there is little or no difference in the price to the consumer.

The problem which confronts the advertising business at all times is to make known to the general public that there is something which can be purchased which is essentially needed and which can be secured at a fair price to the buyer.

NEWARK HOSPITAL WILL
GET ALL OF PROCEEDS

Owing to the fact that the sanitary bags now being distributed for donations to the City Hospital are being printed in large lots for similar campaigns in other cities, a few bags from Springfield have been mixed with the Newark bags and some of the residents have received these, but the committee in charge wishes to state that all proceeds realized from material gathered here will be used for the benefit of the City Hospital in Newark.

NOTICE OF APPOINTMENT.
Estate of Herbert J. Catton deceased.
Henry C. Ashcraft has been duly appointed and qualified as Administrator of the estate of Herbert J. Catton late of Licking County, Ohio. Dated this 19th day of October, 1919.

ROBERT HUNTER,
Probate Judge.

No, Maude, dear, in a clock factory it isn't the hands that strike for shorter hours.

Mind Ease

Is the big dominant factor both in success and happiness. It matters not on which you are bent the comfort and appearance of your feet go a mighty long way toward your goal.

Our Shoe Models

For this season are characteristic of their simple elegance. Devoid of gew-gaws and loudness, but replete with that indescribable something that makes for extreme dressiness. They impart that satisfaction of knowing your feet are properly clad.

We've shoes for business and street wear, and shoes for dress occasions, for men, women and children—the best value in shoes the country produces. Name any shoe price you choose and we'll show you shoe quality and style for your price, that will exceed any shoe values you see anywhere. MAY WE SHOW YOU?

PLAY SAFE WITH INFLUENZA.
Three registered pharmacists at the City Drug store. They fill prescriptions for all doctors. 10-19-21

Autoists Escape Injury.
A touring car driven by F. L. Courson and occupied by W. S. Lafersick, I. D. Pugh and C. W. Woodruff, backed down the embankment along the Dry Creek road, when the brakes failed to hold. The driver was able to prevent the car from overturning and the occupants escaped injury.

Chas. Harris Improving.
Charles Harris of the Arcade barbershop, who was taken ill last week with an attack of influenza, is reported as greatly improved.

Back on Job.
Dr. W. B. Nye, who has been ill the past several days with an attack of the grip, was able to resume his practice today and has again opened his office at 33 East Church street.

Autos in Collision.
There was an auto collision at Wilson and Union streets, Sunday morning at 10 o'clock when the driver of one of the Sigler taxicab collided with a car driven by Othmer Frischen of near Hielon. When the cars came together the Sigler car was partially wrecked and the Frischen car was thrown over against a fire hydrant and the radiator of the machine was broken. Fortunately neither of the drivers were injured.

Registration Shows Increase.
Saturday was the last registration day and quite a few were registered at the various voting precincts over the city. The exact number registering Friday and Saturday could not be determined as not all the registration books had been turned in at the office of the deputy supervisors of elections until 2 o'clock this afternoon. However, from the report of a number of precincts it has been above the average of former years, indicating that there has been a substantial increase in the population of the city.

Sales Promotion.

**COULDN'T KEEP HIS
FOOD DOWN TILL
NERV-WORTH CAME**

Forbes H. Reynolds Got All Kinds of
Better Health From This Famous
Family Tonic.

This well known man told a mighty interesting story not long ago to the New Castle Pharmacy, New Castle, Pa. It is a valuable message to follow sufferers:

"Nerv-Worth did for me what the doctors couldn't. Before taking three bottles I couldn't sit or lie still, had no appetite, and what I did eat didn't taste good and couldn't keep it on my stomach. I now can eat a big meal with pleasure and digest it; also sleep well, and not nervous and restless as before. I feel better than I have for five years—since taking Nerv-Worth."

"FORBES H. REYNOLDS,"
Route 5, New Castle, Pa.

T. J. Evans sells Nerv-Worth in Newark. Your dollar back if this famous family tonic does not benefit you.

W. P. Utman sells Nerv-Worth in Granville; Fitch Drug Co. (Inc.); Hebron Drug Co.; Hebron; C. S. Howard, Johnston.

(Adv.) 10-21-23

The New Postoffice.

Postmaster F. T. Mercer is preparing to take possession of the new federal building, corner of East Main and First streets, on October 31.

West Main street, received a telegram from his son Leon at Camp Johnson, Jacksonville, Fla., stating that he had just received a commission as second lieutenant and had been ordered to report to Camp Gordon, Atlanta, Ga.

Goldsmith has another son in the service. The two sons enlisted as privates.

Council Will Meet.
There is a scheduled meeting of the city council this evening, it being a regular meeting night, although there will be little to be transacted, and the councilmanic body will simply meet and adjourn as required by law.

The board of health has forbidden the gathering of any body of persons or any public meeting, and the order includes the meeting of city council.

Police Court.
Police court was a busy place this morning and 15 offenders faced Mayor Atherton, the majority of them being local police court characters who must have found a leak in the lid.

Thank You.
Frank A. Fitzgerald, 234 North Carey street, Baltimore, Md., writes: "Enclosed find check for which please enter my subscription for your paper. I seem lost without it for it always publishes all of the news concerning the city of Little City of Newark, Ohio."

Recovering From Attack.
Miss Artie Yous of Wilson street, who has been ill for the past week with Spanish influenza, is now improving.

Candidate for Sheriff Is Ill.
E. A. Bryan, Democratic candidate for sheriff of Licking County, has been confined to his bed at his home, 33 Union street, since last Thursday by an attack of inflammatory rheumatism. It is probable that Mr. Bryan will not be able to leave his home for several days.

Will Wed St. Paul Man.
Announcement is made by Mr. and Mrs. D. M. Guy, colored, of the approaching marriage of their daughter, Dora Mae, to T. Lloyd Hickman of St. Paul, Minn. The wedding will take place at 5 o'clock on the evening of Monday, October 21, at the Guy home, 210 Buckingham street.

Recovering From Influenza.
Miss Madeline Land of North Buena Vista street who has been ill with the influenza is now recovering nicely.

**AMERICAN ARMY WINS
RESPECT OF GERMANS**

(ASSOCIATED PRESS TELEGRAM)
With the British Army in France, Oct. 20.—Just what the Germans think of American soldiers with a few side remarks regarding the St. Mihiel operations is disclosed in a confidential document signed by the chief intelligence officer of the Nineteenth German Army, which has been captured by Americans fighting on the British front

Says the Council of National Defense

NEWARK BOY DESCRIBES

SNOW CAPPED PEAKS

Italian Valleys Are Warm While Snowstorms Rage on Mountain-tops. Is in Postal Service.

Viewing snowfall on the mountain tops while it is warm and pleasant in the valley below, is a new experience to Newark and Licking county boys with the 332nd infantry stationed in Italy. And they are enjoying it to the utmost.

According to a letter written by Private James R. Armntrout, military postal service, A. P. O. 901, to his mother, Mrs. E. J. Armntrout, Postal avenue, Armntrout's work takes him on many motor trips from the base to the training area where he delivers mail to the members of his regiment. Parts of his letter follow:

"It sure has been fine weather here; not so very hot, but there has been more rain in the last two weeks than there has since we arrived in Italy. The camp see snow on the mountains all the time from here. It is pretty cool at the other end of the line. The snow capped peaks are close along the road at all places. There have been two new snowfalls in the last two weeks that I could see from the train. We carry four mail in the car with the English. All the boys are good to me and I am getting me fine food on the right side of the cooks and get plenty to eat of the best there is in the kitchen.

"Have you received the cards I sent you? There were some sent by the boys at the base sector that were returned to them. I suppose we will not get any more. The rules are very strict about sending things through the mail.

"I wrote to Neil Caldwell, one of the Newark boys that I was with until we were transferred, but I have never heard of him since.

NOTICE OF APPOINTMENT.

Estate of John E. Lamp, deceased.

Rose A. Lamp has been duly appointed and qualified as administratrix of the estate of John E. Lamp, late of Licking county, O.

Dated this 12th day of October, A. D. 1918. ROBERTS HUNTER, Probate Judge.

1914 14 mon 2

GRANITE CO., Oct. 21.—Otterbein was no match for Denison here Saturday and took a 30 to 0 beating at the hands of Livingston's team. While the visitors held well at times, Denison had the better team and was never in danger of being scored upon. One touchdown was scored in each quarter except the third, when two were registered in Denison.

Landrum made the longest run of the day in this period, when he carried the ball 50 yards around right end for a touchdown.

Hollinger, the only veteran of last year's team to play, also contributed a few pretty runs and figured once in the scoring.

Otterbein for the most part was on the defense and had great difficulty stopping Denison's end runs. The lineup:

| | |
|---|----------------|
| Denison (C) Pos. | (O) Otterbein |
| Cannon.....F. c. | |
| Kidder.....F. t. |Howe |
| William.....F. g. |Southwick |
| Calhoun.....F. c. |Howards |
| Kelley.....F. g. |Mink |
| Thompson.....F. t. |McLona |
| Smith.....F. g. b. |Melka |
| Wood.....F. g. b. |Mann |
| Hollinger.....F. h. |Burp |
| Stone.....F. h. |Cann |
| Weber.....F. b. |Meyer |
| Time of quarters—12½ minutes. | |
| Denison (Notre Dame) | |
| Subject.....Denison, Guckert for Cannon, Hamilton, Henry | |
| Stone, Stone for Guckert, Williams for Kidder, Landrum for Stone, Peterson for Kidder, Guckert for Hollinger, Ellermeier for Weber, McConville for Powell, Stone for Guckert, Drift for Cannon, Smith for Southwick, Southwick for Powell, Sprunt for Martin, Stone for Burza, Freeman for Mink, Stone for Howe, Touchdowns Hollinger, Stone, Wood, Landrum, McConville. Goal from touchdown—Hollinger. | |

TELL ADVOCATE OF CASUALTY NOTICE

Newark and Licking county people who have relatives in the armed Red Cross or other service in France or on other fronts are asked to notify this office upon receiving official messages telling of casualties. Official casualty lists, which the press are not available until a week or more after relatives have been notified by government officials. Call au-
